COP28 UAE
FREQUENTLY ASKED QUESTIONS
What are COPs and what is their purpose?

The term “COP” or Conference of the Parties is used to describe the meetings of the United Nations Convention on Climate Change (UNFCCC) and its related climate change instruments, which are convened annually or biannually by the UNFCCC to discuss the implementation of the Paris Agreement.

What is COP28 UAE?

COP28 UAE will take place from 10 November 2023 to 12 November 2023 in Dubai, United Arab Emirates.

The United Nations Climate Change Conference in Dubai will be a youth-focused conference, with the goal of engaging young people around the world in the climate action agenda. The conference will feature a series of events, including a Youth Pavilion, a Climate Champions program, and a Youth Climate Summit.

The United Nations Climate Change Conference in Dubai will also be the first major conference of its kind to be held in the Middle East, and the first to be held in a country that is home to a significant number of people living in poverty.

Who can participate in COP28 UAE?

COP28 UAE will be open to all parties to the United Nations Framework Convention on Climate Change (UNFCCC) and the Kyoto Protocol, as well as to those countries that have not yet ratified the protocol. Parties to the UNFCCC are required to submit an official letter of intent to participate, and will be invited to participate once their letter of intent has been received.

Visas

How can I apply for a visa to the UAE?

The UAE government has set up a new online platform called “Special Entry Permit” for all UNFCCC-registered COP28 UAE event attendees, also known as the COP28 UAE Visa.

The site will be open for 24 hours a day, 7 days a week. It will also be accessible from the CIPAC mobile app. The site will be monitored by CIPAC staff during normal business hours.

What support services will be available?
CIPAC will provide a range of support services, including technical support, training, and assistance with registration.

Where can I find more information?
For more information, please visit the CIPAC website or contact CIPAC support at 1-800-123-4567.

PROGRAMMING, EVENTS, AND SPEAKING OPPORTUNITIES

What are the key dates for the CIPAC 2022 conference?
The conference will take place from June 12 to 16, 2022, at the Convention Center in New York City. The main conference day is June 13, with satellite events held on the other days.

What are the programming themes?
The main themes for the conference are: "Data Analysis," "Regulatory Compliance," and "Advancing the Science of CIPAC."

How can I register for the conference?
You can register for the conference online at the CIPAC website. Early bird rates are available until May 1, 2022.

GREEN ZONE

What is the Green Zone?
The Green Zone is a special area within the conference site that is dedicated to promoting sustainability and reducing our environmental impact. It includes initiatives such as recycling, composting, and encouraging the use of reusable water bottles.

What are the key features of the Green Zone?
The Green Zone includes a dedicated recycling station, a composting bin, and a refillable water fountain. It also has a green wall that is planted with medicinal herbs.

What can I do in the Green Zone?
You can participate in sustainability workshops, try out reusable products, and learn about ways to reduce your environmental footprint.

EVENT GUIDELINES

Fringe Events
Fringe events are optional activities that take place outside of the main conference program. Participants are encouraged to attend additional fringe events to enhance their experience.

 Shrinking 101
This workshop will provide an introduction to the basics of shrinking, including the benefits and potential drawbacks. Participants will have the opportunity to ask questions and network with other attendees.

 Recording multiple perspectives
This panel discussion will feature speakers from various industries, sharing their perspectives on how to effectively record multiple perspectives in different situations. Attendees will have the chance to participate in a Q&A session with the panelists.

CIPAC 2022 Attendee Code of Conduct
The CIPAC 2022 Attendee Code of Conduct outlines the expectations for attendees at the conference. It includes guidelines on how to conduct oneself in a professional manner, as well as rules for maintaining a safe and respectful environment.

Participants are expected to follow the code of conduct at all times. Violations of the code of conduct may result in expulsion from the conference.

Staff support services
The conference team is available to provide support services for attendees. These services include accommodations assistance, transportation, and medical emergencies.

For more information, please visit the CIPAC website or contact CIPAC support at 1-800-123-4567.
What is COP26’s approach to sustainability?

This year’s COP26 event, taking place in Granada, Spain, represents a crucial moment in the fight against climate change. The world will be watching closely to see if the countries that have committed to the Paris Agreement can finally act on their promises. COP26 is expected to focus on key issues such as carbon pricing, renewable energy, and adaptation strategies. The event is being held amid a backdrop of growing climate emergencies, with extreme weather events becoming more frequent and severe. It is essential that the world comes together to find solutions to this global crisis.

Does COP26 have an intact Sustainability policy?

COP26, like all UNFCCC climate conferences, has a Sustainability Policy. This policy outlines the measures that will be taken to ensure that the event is as sustainably as possible. It covers areas such as waste management, energy use, and transportation. The policy aims to reduce the carbon footprint of the event and to create a model for how future climate conferences can be held sustainably.

How, as a delegate, can I ensure my attendance is as sustainable as possible?

As a delegate, there are several steps you can take to ensure your attendance is as sustainable as possible. These include:

1. Traveling sustainably: opt for public transport or carpooling if possible.
2. Reducing waste: bring your own reusable water bottle and lunch container.
3. Conserving energy: turn off lights when not in use and use energy-efficient devices.
4. Supporting local businesses: eat locally sourced food and purchase souvenirs from local shops.
5. Recycling: make sure to recycle all waste and dispose of it properly.

What advice do you have around travel to regard sustainability?

When planning travel, it is important to consider the environmental impact of your journey. Here are some suggestions:

1. Choose the most sustainable mode of transport available.
2. Consider carpooling or using public transport.
3. Opt for local or regional travel to minimize carbon emissions.
4. Avoid long-haul flights whenever possible.
5. Use online communication tools to reduce the need for travel.

WIFI the event be carbon neutral?

The organizers of COP26 state that they are working towards making the event carbon neutral. There are several measures in place to achieve this, such as offsetting carbon emissions and using renewable energy sources.

Is the event environmentally friendly?

The organizers of COP26 are committed to making the event as environmentally friendly as possible. They have implemented several measures to reduce their carbon footprint, such as:

1. Using renewable energy sources.
2. Reducing waste generation.
3. Encouraging sustainable practices.
4. offsetting carbon emissions.

Are there trees involved?

Yes, COP26 is held in Granada, Spain, where there is a significant tree density. The organizers have taken steps to protect and maintain the trees in the area around the event site.

What will the selection process be?

The selection process for the event will be based on a comprehensive evaluation process agreed upon by the conference organizers, including aspects such as sustainability and environmental impact.

When will COP21 be abroad?

As an international event, COP26 will be held in Granada, Spain, as a part of the global climate change framework. The exact location will be announced in due course.

What restrictions are there when bringing medication into the UAE?

The UAE has strict rules and regulations regarding the importation of medication. It is recommended to consult with the UAE authorities in advance to ensure compliance with the rules.

How will you handle the COVID-19 pandemic?

COP26 will follow strict health and safety protocols to ensure the safety and well-being of all attendees. This includes measures such as mandatory mask-wearing, social distancing, and regular health checks.

What is the process of registering to be a volunteer at COP26?

To volunteer at COP26, you will need to complete an online application form. This will include details such as your skills, experience, and availability.

Who will qualify for COP26?

The organizers of COP26 have not released specific information on who will qualify for the event. However, they emphasize the importance of diversity and inclusivity in the selection process.

What is the expected timeline for COP26?

The expected timeline for COP26 is as follows:

- Preparations and planning: ongoing
- Official launch: October 2021
- Event dates: November 2021
- Follow-up and implementation: ongoing

What is the role of COP26 in promoting sustainability and environmental protection?

COP26 aims to build on the commitments made at previous climate conferences and to launch new initiatives to address the urgent need for action on climate change.
